ABOUT THE PRODUCT

- Unique lightweight aluminum housing
- Electro-statically applied polyester powder coat finish
- Nichia Japan LED chips
- Sansi patented Independent Pixel Heat Sink™ Technology
- Lens customization according to light distribution and color temperature
- IP65 protection

AREAS OF APPLICATION

Building facades, parking areas, exit doorways, walkways, outdoor stairwells, garages, security lighting and more.

Technical Data

Electrical Specifications

Wattage options: 20W-60W
Voltage options: 120-277 VAC, 347/480 VAC (optional)
Electrical current: 400ma
Frequency: 50/60 Hz
Power factor: ≥ 0.95
THD: $< 15\%$ at full load

Optical Performance

Chip brand: Nichia
Color temperature: 4000K/5000K (Standard), 2700K/3000K (Customized)
Fixture efficacy: 100lm/w
Luminous flux: 2000lm - 6000lm
Color render index (CRI): >65
IESNA Distribution Types: SI
Beam angle: 122°

Colors and Materials

Body material: Aluminum
Product color: White, black, silver, bronze

Temperatures

Ambient temperature range: $-40\sim+55^\circ\text{C}$

Lifespan

Lifespan: 50,000 hours

Capabilities

Type of installation: Wall mount
Adjustable: No
Dimmable: Yes
Photocell: Yes
Motion sensor: No
SANSI Intelligent Wireless Control System: No

Test & Certifications

Standards: ETL SGS RoHS DLC
Protection class: I
Type of protection: IP65
Test reports: LM79, LM80
